3/15/07 2007 Newsletter # 1

Written by: David Kirk

Hello,

Welcome to the **2007 Metro Reservoir Anglers Team Tournament Trail**. This year should prove to be a challenging and exciting year... I believe with everyone's hard efforts and dedication, we are looking forward to making the 2007 season a successful experience.

At the yearly general meeting at the FOP lodge on Feb 25th, 2007 we all welcomed our NEW President "Jerry O'Brien". Jerry started the meeting with a review of our current rules, and the results of the "Off limits" vote taken over the winter. Members in a overwhelming number voted to move the "Off Limits" to the Monday preceding the tournament day. This means that the SUNDAY before the tournament is the last day a member is allowed to pre-fish or be on the lake. (Please see rule #26).

Jerry also opened the floor to volunteers for Board Member positions. We like to thank the following people who "stood up" and became new board members of our club.

President – Jerry O'Brien
Vice President – Gary Lippa
Treasurer – Randy Hill

Secretary – David Kirk
Tournament Director – Waino Anderson.

** Other people who volunteered to help with running our tournaments which includes checking boats and live-wells, pulling the club trailer, handing out live well additive, setting up, weighing and measuring fish, recording results, taking pictures, website updates, etc ...are as follows....

Larry Bertholdt, Larry Barger, Butch Wilson, Bill Constantine, Mike Duncan,
Michael Krahl, Matt Elliott, David Kirk

Anyone else who wishes to volunteer their help, it would be greatly appreciated

We also accepted “renewal” membership applications and collected tournament entry fees.
If you havent submitted your membership application you must do so by April 1st as we will be accepting new applications for membership. (end)
